Skate Canada Registration Information

Changes this year:

- Skate Canada number now becomes Competitor ID for all competitions
- Important that skaters' names are spelled correctly, e.g. proper capitalization, no all caps etc.
- How its spelled in Skate Canada database is how it will appear on competition entry lists and results postings (no way to change it)

Skate Canada Registration Information

- All teams required to have a Competitor ID number (pairs, dance, group elements and showcase etc.)
- Skaters to be assigned to activity lists (a feature for the past year but more important as the SC database evolves)
- Anyone involved in club registration (administrator, registrar) should review the resources on the Org Management pages:
